

**C**haplains receive special training to serve Department employees and their families.

Training includes an overview of the Department, ongoing involvement in peer support training, participation in critical incident stress management, and other specialized education.

Chaplains are assigned to custody facilities, bureaus, and patrol stations throughout the Department. They volunteer their time to assist employees with work-life issue as well as crises. Some of the top reasons employees seek support from PSB chaplains are grief, inti-mate relationships issues, and work stress.

The Chaplains are issued Department items which identify them as Los Angeles County Sheriff's Department Chaplains, and protective vests.

Chaplains operate under the umbrella of the Psychological Services Bureau and are on call 24-hours a day.

## WHAT CAN I EXPECT FROM THE CHAPLAINS?

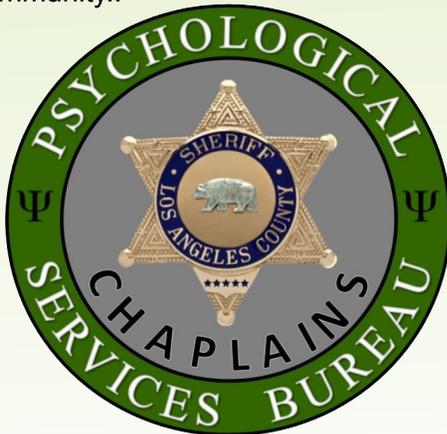

A CHAPLAIN'S RESPONSIBILITIES ARE DEFINED IN THE MANUAL OF POLICY AND PROCEDURES, SECTION 2-07/130.00 AS FOLLOWS:

### Who are the Chaplains?

The Chaplains are a group of men and women, ordained in their faith, who volunteer their time to provide for the spiritual and personal needs of Sheriff's Department personnel and their families.

The Chaplains of the Los Angeles County Sheriff's Department are trained religious leaders who meet the strict requirements of the Department. They serve on an interdenominational basis and do not recruit to their faith or replace an individual's own clergy. They serve as an additional resource for all Department employees.

The Chaplain's Program, assigned to Psychological Services Bureau, should not be confused with jail chaplains, who are compensated for their time to work with jail inmates, or with clergy who are volunteers assigned to Sheriff's Stations to work within the community..

- Provide Invocation Benediction at Departmental memorial ceremonies and special events.

- Assist the Department, when requested, in providing comfort and support to members of the community during times of emotional trauma, (e.g., the aftermath of violent crimes, death notification, etc.) as a means of alleviating pressure on Department personnel.
